Extra Jams

Black Mulberry Extra Jam: Awarded in London and Milan as the best extra jam.

An explosion of flavor that contains all the sweetness and intensity of Sicilian mulberries.

Sustainability: we only use locally grown fruit, choosing farming methods that respect the environment and promote Sicily's biodiversity.

A top-down view of various fresh fruits and berries arranged on a white background. Several silver spoons are used as props, each holding a different fruit: one holds a blackberry, another a strawberry, one a blueberry, and another a slice of mango. Other fruits are scattered around, including whole strawberries, blueberries, blackberries, and slices of mango. Green leaves are also scattered throughout the composition.
